# Kalsarpa Dosh

Rahu and Ketu are two nodes of Moon and they are regarded as full-fledged planets in Vedic Astrology. They are considered as most dreaded planets due to their heavy karmic effects. If all the 7 planets are situated between Rahu and Ketu then Kaal Sarp Yog is formed.

**Most of the the Kalasarpa dosha effects are negative, while few can be positive too. Rahu or Ketu gives sudden positive changes which are huge and can happen overnight or within a span of few**

days.

## What is Sadhesati dosha?

Sadhe Sati refers to the seven-and-a-half year period in which Saturn moves through three signs, the moon sign, one before the moon and the one after it. Sadhe Sati starts when Saturn (Shani) enters the 12th sign from the birth Moon sign and ends when Saturn leaves 2nd sign from the birth Moon sign. Since Saturn approximately takes around two and half years to transit a sign which is called Shani's dhaiya it takes around seven and half year to transit three signs and that is why it is known as Sadhe Sati. Generally Sade-Sati comes thrice in a

horoscope in the life time - first in childhood, second in youth & third in old-age. First Sade-Sati has effect on education & parents. Second Sade-Sati has effect on profession, finance & family. The last one affects health more than anything else.

People with Cancer rising tend to be less vital than average, sympathetic, compassionate, passive, nurturing, receptive, protective, retentive, changeable, psychic, sentimental, tenacious, timid, quiet, sensitive, acquisitive (pack-rat), and moody.

Just like the crab Cancer represents, you may have the habit of looking ahead and behind you at the same time, not fully wanting to face the future head-on and always worrying about the past and what might be sneaking up on you from behind, causing you great worry.

“ You go through life in a curious sideways motion, never going simply directly forward. You are sensitive and you retreat into your shell when you feel threatened.

Your feelings can be easily hurt, even when no slight was meant and you can take things much too personally.

You enjoy travel, but you absolutely need to know that you have a home base

waiting for you to come back to. Security is everything for you in life.

Physical security comes with a comfortable base of operations and emotional security comes from all your possessions and attachments that have sentimental value to you.

“ In fact, that's why you keep everything because of all the emotional value and significance. Once you have latched onto something or someone, you do not tend to let go easily.

You respond to life through feeling, not thinking. Your moods go up and down just like the tides. The Moon rules Cancer so the Moon will be important in your chart.

## Saturn is in your horoscope in Seventh house

There may be the tendency to attract older, more serious partners. Partnerships may involve much duty, responsibility and hard work. Whatever the case, there may be a feeling of restriction, bondage, depression and anxiety in your relationships. They certainly can be enduring, though. Saturn here indicates you need to learn to cooperate with and to develop empathy for others. You are perhaps cautious about marriage, but, when committed, may find it very difficult to leave your marriage partner, even if you are unhappy. You may marry for security rather than love.

“ There may be a karmic tie from the past to the partners in this life.

Discipline is needed in relationships. There may be a very self-controlled and sometimes calculating attitude towards all forms of partnership. You are inclined to seek a partner who will awaken your sense of responsibility and give you a greater sense of purpose and will to succeed. For a woman there may be a subconscious desire to

marry a father figure and the partner may well feel an urge to organize your life on a more effective basis. The responsibilities of marriage or the fear of marriage may delay marriage. If Saturn is well aspected in your natal chart, then this position usually indicates that one loyally abides by marriage vows and faithfully carries out marital duties. With a well placed and well aspected natal Saturn, the partner is likely to be a person of integrity, faithful, steady, reliable, industrious, persevering and economical, perhaps not over-demonstrative and preferring deeds to words, and providing a real anchor for the partnership.

If natal Saturn is badly aspected, then there is a tendency to endure an unhappy marriage rather than to lose face by breaking up. If you neglect to make your partner happy, your own happiness will be affected in the same proportion. This position can also mean a second choice marriage, which endures in spite of boredom, unhappiness and a lack of love. In other words you may have wanted to marry someone else but settled on a second choice instead. The partner may act in such a way as to become a burden, and may be uncommunicative, narrow in outlook, cold, and over-critical. In some cases the spouse may be much loved, but prone to ill health. Marriage to a widow or widower is possible.
